

Wisconsin Public Access Lands

Federal Public Lands

Includes federal areas managed by the:
U.S. National Park Service
U.S. Fish and Wildlife Service
U.S. Forest Service

Other Public Access Lands

Includes areas managed at the state, county,
and local levels

Wisconsin public lands information was collected from multiple sources, including government agency websites and the Wisconsin Department of Natural Resources (WDNR). Lands managed by the WDNR make up a portion of the Other Public Access Lands category. This data is a representation of real estate held by WDNR and should not be interpreted as a legal representation of legal ownership boundaries. Third party dissemination of the parcel data is restricted, please contact the WDNR for access information to the parcel dataset at <http://dnr.wi.gov/maps/gis/>.
